About Heritance Kandalama

We chose Heritance Kandalama as our wedding venue because it feels truly special from the moment you arrive. Designed by the renowned Sri Lankan architect Geoffrey Bawa, the hotel is integrated into its surroundings: carved into the hillside, wrapped in jungle, and overlooking Kandalama Lake.

One of the things we love most about the hotel is its connection to nature. You'll often spot monkeys, hear birds, and see morning mist across the hills. Since its foundation, the hotel has been known for its strong environmental ethos, which shapes the entire guest experience and adds to its unique sense of place.

Heritance Kandalama is also ideally located within Sri Lanka's Cultural Triangle, close to two UNESCO World Heritage Sites: Sigiriya Rock Fortress and the Dambulla Cave Temple. Beyond the wedding celebrations, whether you're keen to explore the region or simply relax by the pool and take in the views, it's a wonderful place to stay.

As our wedding will be held at Heritance Kandalama, Heritance Hotels has kindly extended a special discounted accommodation rate for our guests.

These rates have been prepared based on specific assumptions (outlined opposite), including minimum nights and room availability during the wedding period.

If you would like to stay at the hotel for the wedding, please contact us directly. We will provide you with a unique booking code, which can be used to apply the discounted rate when reserving your stay online. Room availability is limited due to the wedding taking place during peak season, so we recommend confirming your accommodation as early as possible.

The discounted rates currently apply to a two-night stay around the wedding dates. If you wish to extend your stay beyond these two nights, please let us know as we'd be very happy to assist with the necessary arrangements.
